

Anukriti Mishra

Product Designer (UI/UX)

Bengaluru, India | hey@anukritimishra.xyz | anukritimishra.xyz | linkedin.com/in/anukritimishra5

SUMMARY

Product designer who has designed five SaaS products across trading, fitness, education and DevOps, for B2B and B2C, on desktop and mobile. Designs the full experience around a product: UI/UX, design systems, logos, marketing websites and motion. Graduated in Visual Communication from St Joseph's University in 2026.

EXPERIENCE

Freelance Product Designer, Alzyon Tech Solutions

06/2026 – 08/2026

- Led end-to-end design of Jaadu 2.0, a trading analytics platform for active traders, as sole designer across desktop, tablet and mobile.
- Designed the trading terminal, multi-condition alerts and a market-regime bar that shows the market's state beside the chart.
- Designed Quant Lab, an AI strategy-research workspace with overnight strategy discovery, backtesting and paper trading.
- Created the design system, the marketing website and its motion graphics.

UI/UX Design Intern, Gamalabs

Remote | 08/2025 – 04/2026

- Designed the complete UI of CliHub, a multi-platform SSH client, from scratch as sole designer.
- Introduced a health-first host view that shows CPU, memory, network and security checks before the terminal opens.
- Designed an AI terminal assistant, saved command packages, SSH key manager, SFTP and port mapping in one consistent interface.
- Redesigned the Finance, Staff and Settlements modules of Dhondi, a group-level college ERP, replacing flat totals with a four-level drill-down from group to batch that flags the lowest-collecting unit against target.

UI/UX Design Intern, Pulsefit

Remote | 08/2024 – 05/2025

- Created Pulsefit's logo and design system from zero and applied them across its CRM, member app and marketing website.
- Designed 24 flows for a gym-management CRM covering leads, members, tasks, staff and email campaigns, with dashboards where every alert carries its own action (follow up, renew, unfreeze).
- Designed Zync, a mobile app for gym members, in two months, and proposed calorie, water, sleep and food tracking so members need one app instead of two.

UI/UX Design Intern, IAS Sathi

Remote | 04/2024 – 05/2024

- Designed high-fidelity UI for an AI-powered UPSC preparation app, including a chat-based study assistant, current affairs feed and automated answer evaluation.
- Collaborated with the design team to structure content around learning goals.
